

# SOCKS FOR DIABETICS

## THERE IS A DIFFERENCE

**ENHANCED COMFORT FOR EVERYONE**

### WHY DIABETIC SOCKS ARE IMPORTANT

Proper blood circulation to the legs and feet is crucial for diabetics to avoid further complications.

Unlike regular socks, Diabetic socks help to reduce the risk of potential problems by way of their special design features.

**“DON'T BE FOOLED BY THE EXCEPTIONAL VALUE @ 3 FOR \$10 OR 2 FOR \$10”**

### WHAT ARE THE MAIN DIFFERENCES BETWEEN REGULAR SOCKS AND DIABETIC SOCKS?

#### Problem

Regular socks generally have a tight elastic band around the tops of the socks to help keep them up. This can cause the elastic to cut into the skin and also greatly reduce circulation.

#### Solution

Our Diabetic Socks are designed with the elastics spread throughout the shaft of the sock, providing a more even spread of compression and can actually help to maintain peripheral blood flow.

#### Problem

Many regular socks are made of mostly synthetic materials. This can cause overheating and excessive sweat, which in turn can create an undesirable foot environment such as the over production of bacteria which can result in foot infections.

#### Solution

Our Diabetic Socks are made from natural fibers that have a looser weave allowing air to circulate, the feet to breathe and moisture to be absorbed.

### YOU CAN FEEL CONFIDENT AND SATISFIED WHEN YOU PURCHASE A PAIR OF OUR FRIENDLY DIABETIC SOCKS

- ✓ They have relaxed tops and distributed elastics for a snug and comfortable fit
- ✓ They have an open weave construction for superior ventilation
- ✓ They are made from natural fibres for less irritation, moisture absorption and antibacterial qualities
- ✓ They are of exceptional quality and are fantastic value for money
- ✓ They look great and look no different to regular socks

**ALSO...**

- ✓ Diabetic socks can be comfortably worn by everyone
- ✓ There are cushioned soles for added comfort\*
- ✓ There are thicker weaves available for use with fashion boots or work shoes\*
- ✓ There are extra large sizes for those with bigger feet\*

(\*Socks with enhanced features are 2 for \$10)

Always Making Feet Happy

We love the diabetic sock range from SOX & LOX and we are confident you will too.
